Children's day exercises will be held at Zoar church Saturday, the 5th of August, at ten o'clock, with a speech in the afternoon by Mr. B. C. Ashcraft.

Sunday afternoon at 4 o'clock, Dr. Ainsworth will speak to men and boys only. Every man and boy in the town and county is urged to be present to hear this special sermon.

The summer term of the Carmel school will begin next Monday. Mr. J. H. Boyte is the principal of the school and Misses Maude Boyte and Daisy Worley assistants.

The descendants of Dr. J. F. Lee who lived near Mineral Springs, are preparing to have a family reunion at the old homestead near Mineral Springs, the latter part of August.

Miss Octavia Houston has returned from an extended visit in the States of Pennsylvania, Ohio and West Virginia, and was accompanied home by Miss Virginia Gayland of West Virginia.

The weather bureau says that a great heat wave is taking possession of the country from the Atlantic to the Rocky Mountains and that no relief will be in sight for a week.

Rev. J. T. Stover expects to hold revival services on the Unionville circuit beginning as follows: Oak Grove, August 6; Mill Grove, August 13; Grace, August 20; Zion, August 27. Efficient ministerial help is expected at each place.

Mr. C. C. Price will have a family reunion August 5th at his home in Goose Creek township. There will be a general gala day, with races and amusements, and speaking by Mr. R. W. Lemmond and Hon. J. J. Parker. Mr. and Mrs. Price have been married 55 years and have a large family and this is their first reunion.

Mr. Shirley J. Starnes, son of Mr. W. B. Starnes, and Miss Daisy Brantley, daughter of Mr. W. S. Brantley of Buford township, were married last Sunday at the home of Mrs. Alice Starnes. The couple left at once for Henderson, where Mr. Starnes has a position with the Gold Leaf Publishing Company.

We have received an attractive illustrated circular of 16 pages from the Agricultural and Mechanical College. It presents a clear conception of the buildings, machines and laboratory equipment of the three engineering departments of the College. Parents and young men wishing copies should write to the Registrar at West Raleigh.

The enterprising management of the Monroe Hardware Company is making extensive improvements in its building. A new office building is being constructed in the rear and the offices will be moved back from the main floor where they are now. The floor in the main room will be taken out and a new concrete floor put in level with the street.

Mrs. Joe Stephenson and Miss Mildred Stephenson were poisoned with a party of about twenty other persons at a social gathering at Rockingham last Friday, presumably from the cream or salad served on the occasion. Miss Stephenson was not seriously sick, but Mrs. Stephenson has been in great danger. Her father, Mr. H. C. Griffin and her brother, Mr. Cull Griffin, have been at her bedside.

Last night at the tent meeting there was heard some real old time negro music. The section of seats devoted to colored people were full to overflowing, and they had been invited to sing. First a choir from Monroe sang, following a leader who lined out the hymn. Then a choir from Bakers gave a song. Dr. Ainsworth expressed his thanks to the colored people and asked them all to join in one song together, which they did heartily. The audience last night was far too large to get inside the tent.

Miss Vergie Goodwin of Raleigh will arrive tomorrow to visit Miss Eleanor Gurney.

Mr. J. E. Henderson tells The Journal that the Henderson Roller Mill has ground more home grown wheat this season than it has in any season since it was established fifteen years ago. The mill is now running day and night on local wheat entirely. One day this week 815 bushels were brought to the mill by farmers.

The "elder cases" were finished up this morning so far as the Recorder's court was concerned. Parties who had been selling cider for some time were indicted on the ground that their article contained sufficient alcohol to cause intoxication. Mr. Price was found guilty by the Recorder last week, but judgment was held over. Dick Fullenwider was tried by jury and found guilty. This morning the Recorder fixed their fine at seventy-five and fifty dollars respectively. Both appealed to the superior court and gave bond. Jeff Starnes was acquitted and the cases against Stack and Williams were not pressed with leave.

Dr. S. A. Stevens, county physician, has made arrangements to give free moving picture shows over the county next week, somewhat in connection with the anti-fever campaign. Dr. Stevens raised the money by private donation for this purpose. Pictures on health topics will be shown and then humorous and dramatic selections such as are seen at any picture show. The times and places for these shows will be as follows: Indian Trail Monday afternoon, Weddington Monday night, Tuesday morning at Waxhaw, Tuesday afternoon at Wilson's Old Store, Tuesday night, Prospect, Wednesday morning at Altan, Wednesday night at Dr. Eubanks' or nearby, Thursday morning at Olive Branch, Thursday afternoon at Unionville, Friday in Monroe, several shows, Saturday morning at Marshville, Saturday afternoon at Wingate. These dates are tentative and notice will be given later of exact time and places. All shows are perfectly free and no collections to be taken up. Return engagements will be made for the following week if desired.

Marriage of Mr. Henderson and Miss Monroe.

A beautiful home wedding was solemnized yesterday afternoon at 5:30 o'clock, when Miss Estelle Monroe became the bride of Mr. Virgil Henderson at the home of the bride's parents, Mr. and Mrs. A. L. Monroe, on Houston street. Owing to a recent death in the family, the wedding was a quiet affair and only relatives and a few intimate friends were present. The ceremony was performed by Dr. H. E. Gurney.

Mrs. E. S. Green sang "At Dawning," just before the vows were pronounced, and Mrs. Herndon Hasty then played Mendelssohn's wedding march, which was the signal for the entrance of the bride and groom. They were not attended, and walked to the center of the library, where Dr. Gurney pronounced them man and wife.

The home was beautifully decorated for the occasion. The dining room was made exceedingly attractive by the many nasturtiums, while the library abounded with ferns and roses. Immediately after the ceremony Misses Hallie Mae Belk, Caroline Morrow and Allie Mathews served ice cream and cake. The little daughters of Mr. T. C. Horton and Mr. W. Z. Faulkner served mints.

The following friends and relatives were present: Mr. and Mrs. Herndon Hasty, Mr. and Mrs. O. W. Koehltzky, Mr. and Mrs. Zeb Faulkner, Mrs. Henry Milton, Mrs. C. C. Sikes, Miss Patt Benton, Mrs. J. D. Helms of Charlotte, Miss Mary Helms of Charlotte, Miss Edith McCarver of Charlotte, Mr. and Mrs. T. C. Horton, Mrs. Stitt Matthews, Mrs. H. E. Gurney, Miss Eleanor Gurney, Mr. and Mrs. W. J. Rudge, Mrs. E. S. Green, Mr. F. G. Henderson, Miss Mary Griffith, Miss Maude Boyte, Miss Ollie Alexander, Mr. and Mrs. G. M. Bensley, Mr. and Mrs. W. A. Henderson, Mr. and Mrs. Horace Neal, Mr. and Mrs. G. B. Caldwell, Miss Grace Henderson, Mr. and Mrs. J. E. Henderson, and Mr. T. J. Payne.

The bride is one of the most charming young ladies of the city, and she has hosts of friends here and elsewhere. She is a graduate of the Monroe High school, and also attended the State Normal. She is attractive, intelligent and possessed of many charms.

The groom is a son of Mr. and Mrs. J. E. Henderson, and he is an excellent young man. He is industrious and enjoys the esteem of his employers, while his friends are numbered by the hundreds. He is connected with the Henderson Garage.

The couple went on a short automobile trip to the western part of the state, but they will be at home after today at Mrs. W. A. Henderson's.

The Anti-Typhoid Fever Campaign.

The county Commissioners of Union county have made arrangements with the State Board of Health to give to the people of the county preventive treatment against typhoid fever. This treatment is given by means of a hypodermic injection of three doses of the anti-typhoid serum given at intervals of seven days. That this treatment will protect against typhoid fever has been demonstrated by such positive and convincing proofs as to take it out of the realm of doubt. In short, it is not a theory, but a well demonstrated fact. These injections, in the majority of the cases, cause but little or no inconvenience, so little that they do not, as a rule, prevent the individual from attending his usual work.

In making the appointments for giving this treatment, we have tried to select such locations, in the various townships, as are most convenient and accessible to the majority of the people. Of course, those living on or near the borders of the townships may have to go a distance of several miles, but when you consider the importance of the matter, what it means to you not only in dollars and cents, but also in the prevention of sickness and suffering of your family, the sacrifice that you make is very small as compared with the benefits that you will receive.

It is our desire that all the people take advantage of this opportunity. The citizens of one township are not limited to the appointment in that particular township. Go to whatever place is most convenient to you, no matter whether it is in your own township. In short, we want every body in the county to take this treatment, and take it where it is most convenient. As a rule, children under four years do not need to take the treatment and there is very little necessity for children under six years; however, where the parents desire it, it will be given to any children. Try to be on hand promptly at the appointed times and places. This is especially necessary when there is a large number that want the treatment. Also try to have your minds made up and, where you want your children to take it, have them persuaded before the actual time of treatment.

Arrangements have been made to secure, in connection with our typhoid campaign, a series of moving picture shows on health topics; for instance, one series on typhoid fever, another on tuberculosis, another on dental hygiene, etc. These shows will be interspersed with an occasional funny reel to please the children. For the details of these shows—the times and places of holding them—see this edition of The Journal. These shows have been supervised by the State Board of Health, and you may go and take all the family with you without any fear as to the character of these shows. You can get more information about health matters by attending these shows than in almost any other way and they are FREE. We hope that you will all take advantage of this means of getting useful knowledge about health subjects. We sincerely trust that the people of Union county will show their appreciation of the efforts made by the commissioners and Board of Health to prevent sickness and suffering in their midst; the best way in which they can show this is for everybody to turn out and take this anti-typhoid treatment. We ought to have at least six or eight thousand to take the treatment.

Yours sincerely,
S. A. STEVENS,
County Physician.
